Why do you want to become an ASAF Board member?

My desire to join the ASAF's board is primarily motivated by the desire to help the organisation with its various activities. It is also a great opportunity to discover and learn about leadership in general.

What is your vision for ASAF?

I am convinced that ASAF can be an organisation that fosters the development of new ideas. For me, ASAF can become a vast network of experts who will be able to collaborate on development projects, both joint and regional.

ASAF has sufficient intellectual and human resources to shape the future of the African continent and its people.

What skills do you bring to the position and what contributions do you want to

make?

My expertise lies in multiple fields, such as mediation, electrical engineering and industrial computer science, art and design, visual communication, photography, cinematics, and many others. I am convinced that I can apply my knowledge and ideas to several subjects, but especially in the area of ASAF communication.

Why should you be elected as an ASAF Board member?

I have ideas and skills that can benefit ASAF.
